CODE OF CONDUCT & WHISTLE-BLOWING POLICY

Committee Responsible: Finance & Staffing

Date of Policy: June 2019

Review Date: May 2020

Signed by Chair of Governors

Date:

This document is a Gloucestershire County Council model code which the Governing Body has chosen to adopt. (Dated April 2019)

1. The Code applies to School employees regardless of the basis of the employment including:-
 - Secondments (both to and from the School/County Council);
 - Temporary assignments (both to and from the School/County Council), Work Placements and Trainees;
 - Governors; and
 - Employees acting as members of companies or voluntary organisations.
2. References to "employee" and "staff" throughout this Code are taken to include all of the above categories and any similar working arrangements.
3. The Code also extends to additional and dual employment that has been secured as a result of working for local government.
4. Inevitably some of the issues covered by the Code will affect senior, managerial and professional employees more than others - but the basic principles apply to everyone.

INTRODUCTION

5. The purpose of this Code is to give all school employees guidance on how the School, County Council and the public in general expect them to behave. If the Code is followed then staff should not find themselves in a situation where their conduct could create an impression of conflict of interest or corruption in the minds of the public and colleagues. If staff are unsure of the standards expected of them, guidance should be sought from their Head Teacher or, in the case of Head Teachers, the Governing Body or the County Council's Operations Director of Education, Learning & Libraries.
6. The areas covered by this Code are as follows:
 - Standards;
 - Personal Appearance;
 - Use of the School's Facilities and Equipment;
 - Fraud and Corruption;
 - Gifts, Hospitality and Sponsorship;
 - Register of Gifts and Hospitality;
 - Disclosure and Use of Information;
 - Political Neutrality;
 - Relationships;

- Electronic Communication;
- Appointments and Other Employment Matters;
- Undertaking Additional Work Outside the School;
- Arrest or conviction on civil or criminal charges;
- Membership of clubs, societies and other organisations;
- Equality Issues;
- Health and Safety Issues;
- Confidential Reporting Procedure (Whistleblowing); and
- Breaches of the Code of Conduct.

STANDARDS AND EXPECTATIONS

7. School employees are expected to give the highest possible standard of service to the public and to support Governors and fellow employees with impartiality. The highest standard of probity must apply and employees must report any suspected unlawfulness, mal-administration, impropriety or breach of procedure of which they are aware to their Head Teacher or Senior County Council Officer.
8. All employees in the school are expected to behave professionally. All employees are expected to comply with the law as it applies to their work in the school, particularly in matters such as health and safety, safeguarding of children, and data protection. They are expected to carry out their duties in accordance with the relevant policies, procedures, rules and guidance adopted by the Governing Body.
9. The School, for its part, considers it has a duty to protect employees against unjustified allegations of wrong doing. The Governing Body consults staff and recognised trade unions about the adoption or variation of its policies and procedures and associated guidance. It expects the Head Teacher to consult staff and unions as appropriate in relation to the general management of the school.
10. The school accepts that alcohol is legally and freely available and acknowledges that some illegal substances are also readily obtainable. Employees are not expected to use illegal substances. Employees must ensure that the use of alcohol out of school does not adversely affect their work performance, and that, in accordance with their obligations under health and safety legislation, they take reasonable care of the health and safety of themselves and other workers whilst at work. The school will not accept employees arriving at work under the influence of alcohol or illicit drugs and whose ability is impaired in any way by reason of the consumption of alcohol or illicit drugs. They should have regard to the expectation that they will not bring the school into disrepute. The school has similar expectations around the use of illegal substances, but employees are reminded that any adverse publicity around such use is more likely to damage the school's reputation than are complaints about the employee's abuse of alcohol. The governing body's alcohol policy recognises that alcoholism and other addictions are illnesses and that employees should be Employees who are prescribed a type of

medication which they have not taken before should make themselves aware of possible side-effects. In accordance with their duty to take reasonable care of their own and their colleagues' health and safety they should advise the school if the medication starts to affect their ability to do their job or travel safely to work, or if there is a likelihood that this will happen. The school should undertake risk assessments and take occupational health or other specialist advice as appropriate.

11. Employees are expected to follow all reasonable and proper instructions by a person with the authority in school to issue such instructions unless:
- There is a danger to a person's health and safety.
 - They are in conflict with British Values as defined in law.
 - There is good reason to believe that the instructions are improper, for example by conflicting with the safeguarding of children, the financial regulations or other aspects of the law.
 - It does not comply with school policy and practice. The Head Teacher and managers within the school must be able to justify their instructions and decisions in line with their delegations, authority, and school policy and procedures, and be open and respond promptly to questions.

PERSONAL APPEARANCE

12. Although the School has not adopted a formal dress code it does expect employees to observe a standard of personal hygiene and appearance which is appropriate to the nature of the work undertaken. Staff are expected to wear their official School Staff identity badge on Council premises and when on official business out of the office.

USE OF THE SCHOOL'S FACILITIES AND EQUIPMENT

13. Employees must exercise reasonable care and skill in their use of the Council's facilities and equipment. The School is entitled to expect high standards of care towards its property. Any facilities, property or equipment provided by the School should only be used in connection with official duties except where the Head Teacher and Governors have agreed to private use. There may be arrangements for the use of some services for private purposes on the payment of approved charges e.g. private telephone calls and photocopies, etc. You should always ensure that there is specific agreement to private use of any facility or equipment.
14. When an employee ceases working for the School all papers, electronic records (and copies), equipment and any other property of the School must be returned.

FRAUD AND CORRUPTION

Culture of the Organisation

15. Although the School believes that Governors, employees and organisations associated with the School will act with honesty and integrity it recognises that occasionally this will not be the case. The School's culture is one of honesty and zero tolerance in respect of fraud and corruption.
16. Employees must make themselves aware of and comply with the School's Finance Policy and the Fair Funding Scheme for Financing Schools. In addition the following useful key documents available from the County Council set out various standards of behaviour and procedures in addition to those mentioned in this Code:-
 - Financial Regulations/Accounting Instructions;
 - Information Management and Security policies, procedures and standards;
 - Standing Orders;
 - Procurement Guidance;
 - Employee Handbook;
 - Social Media Policy.
17. Employees must use public funds entrusted to them in a responsible and lawful manner and ensure that value for money is achieved. They must comply at all times with the School and be mindful of the Council's Financial Regulations and associated Accounting Instructions.
18. It is a criminal offence for employees to give or receive any *gift, loan, fee, reward or advantage for doing, or not doing anything, or showing favour or disfavour to any person, company or contractor, with a corrupt intention. If an allegation is made it is for the employee to demonstrate that any rewards received have not been corruptly obtained.
19. Although there may be no corruptive intention in the act of giving or receiving of gifts etc. it is important to avoid any grounds for suspicion of corruption. For example, where contracts are being negotiated employees should not negotiate with a potential contractor, supplier or purchaser (of land for example) on a one - to- one basis. Employees must ensure that all steps in contract negotiations are recorded and that their manager has approved those steps in writing. Standing Orders, Financial Regulations, the Procurement Guidance and the policies of both the School and the Council must always be followed; an adequate audit trail must be maintained.
20. The School recognises that a key preventative measure in the fight against fraud and corruption is to take effective steps at the recruitment stage to establish the previous record of potential employees in terms of their propriety and integrity. Employees acting under the delegated authority of the Governing Body, when applying the recruitment procedures, should ensure that they are followed in respect of all appointments and that written references are obtained regarding known honesty and integrity.

Personal Interests

21. Employees should act professionally. They should not abuse their position in the school to confer an advantage or disadvantage on any person or obtain an advantage for themselves, whether financial or otherwise. Any personal interests, financial or otherwise, must be registered when they could reasonably be deemed to potentially conflict with any work undertaken by employees in the course of their duties. The Head Teacher will be responsible for ensuring that their personal interests are registered in accordance with this Code and that all employees are aware of the need to register personal interests. In certain circumstances even though a conflict of interest is not anticipated (e.g. acting as a School Governor, involvement with an organisation receiving grant aid from the Local Authority, involvement with an organisation or pressure group which may seek to influence the Local Authority's policies) employees should register their interests.
22. They should not allow their personal interests to interfere with their work at the school. Employees should not use their position in school to advocate any one religion, culture, political ideology to students. It is the direct responsibility of all employees to uphold British Values as defined in law from time to time.
23. Section 117 of the Local Government Act 1972 requires all employees to give written notice of any contract or proposed contract in which the School/Council is involved and in which the employee has a financial interest (either direct or indirect) as soon as the employee becomes aware of it. Failure to declare an interest is a criminal offence which may result in prosecution and/or be dealt with under the School's disciplinary policy.
24. A direct financial interest arises where an employee or their partner, family member or close friend has a financial interest in a contract or proposed contract whether to their advantage or disadvantage, in which the School/Council is involved. An indirect financial interest may arise where an employee or their nominee or employee's partner holds securities or shares in a company, which exceeds £5,000 or 1/100th of the total share capital of a company which has a direct financial interest, whichever is the lesser amount.
25. An 'other' interest may occur when an employee, their partner, family member or close friend has membership or association in a company, society, club or other body (such as trade unions or voluntary bodies), or is employed by another person or company which has direct financial interests in any matter which is the subject of discussions/negotiations with the School/ Council; or when dealing with the School/Council on a personal matter relating to them or their family.
26. Details of interests must be made in writing and sent to the Head Teacher or Governing Body who will record it in a register and acknowledge receipt of the declaration (a copy should be retained in the school). Employees should ensure that they receive an acknowledgement back from the Head Teacher or Governing Body.

The declaration must be made as soon as the employee is aware of the interest and/or the contract or proposed contract to which the interest relates. All contracts or proposed contracts are covered by this requirement, including contracts for the regular supply of goods and services.

27. Employees with a financial or non-financial interest in any matter should not only declare that interest but also seek to distance themselves from involvement in that matter. Employees must be open and up front about their interest in all associated dealings. In particular, any such interest must be stated at meetings, whether Council/Governor meetings or other meetings, public or private. Notes taken at the time should be placed in the appropriate file concerning the interest(s) and how it has been handled.
28. Employees involved in the award or management of contracts shall declare in writing to their Head Teacher (or in the case of Head Teacher, the Chair of Governors) any association or friendship with any contractor involved and should take no part in the tender process without their written approval. Any employees engaged in the consideration or determination of any application for any contract, permission, grant, approval or consent must declare to the Head Teacher (or in the case of the Head Teacher, the Chair of Governors) any association with any person or body who is an applicant in the field of work in which that employee is engaged.
29. A Head Teacher (or in the case of Head Teacher, the Chair of Governors) to whom any such interest, association or friendship is declared shall consider whether to take steps to ensure the employee concerned is not placed in a position where private interests and official duties may conflict.

Rules Governing Purchasing by Employees

30. Employees must follow the School's Finance Policy, the Fair Funding Scheme for Financing School and be aware of the Council's Financial Regulations, Standing Orders, (when appropriate) and Accounting Instructions whenever any goods or services are purchased.
31. Employees may not order in the name of the School/Council, equipment or goods, whether with a discount or not, from official Council suppliers for their own personal use even if the cost is reimbursed in full to the Council.
32. Employees undertaking procurement or contract management activities should ensure they had the necessary skills and knowledge to do so or should seek the appropriate advice and support from the Head Teacher/Governing Body.

Separation of Roles during Tendering

33. Employees involved in the tendering process and dealing with contractors should understand the separation of client and contractor roles within the School. Senior

employees who have both client and contractor responsibilities must be aware of the need for accountability and openness.

34. Employees who are privy to confidential information in respect of tenders or costs for either internal or external contractors must not disclose that information to any unauthorised person or organisation or use it for any unauthorised purposes.
35. Employees should ensure that no special favour is shown to current or recent former employees or their partners, close relatives or associates in awarding contracts to businesses run by them or employing them in a senior or relevant managerial capacity.
36. Employees must not use their position and knowledge of the School/Council to gain access to and provide information which puts a particular contractor or anyone else in a better position than any other contractor tendering to undertake work or to provide services or supplies.

Reporting a Concern

37. "Whistleblowing" by employees of the School/Council is fully supported and encouraged. Where concerns arise these should be brought to the attention of management at all times. If the employee feels they cannot tell their employer they should contact a [prescribed person/body](#) as detailed on the Government website. In Appendix 1 of this Code a procedure is described for employees who wish to report serious concerns relating to any suspicions or allegations of fraud and corruption or any malpractice or maladministration.

GIFTS, HOSPITALITY AND SPONSORSHIP

38. Any offers of gifts, hospitality or sponsorship should be recorded in the School's Gifts & Hospitality Register held by the Head Teacher or, in the case of Head Teachers the Governing Body. The register must include all offers of gifts etc. whether accepted or declined. Advice/permission should be sought from the Head Teacher or in the case of Head Teachers the Chair of Governors before any gift, hospitality or sponsorship is accepted. When in doubt the employee should always refuse such gifts.
39. An employee should not personally receive a gift, prize, hospitality or sponsorship that:
 - Could compromise their judgment;
 - Could appear to be a conflict of interest;
 - Could damage relationship with others;
 - Could indicate any favoritism or prejudice in relation to any particular person or group of people; or
 - Could bring the council into disrepute.

40. When hospitality or gifts have to be declined, the person making the offer should be informed of the procedures and standards operating within the School/Council, in relation to gifts, hospitality and sponsorship.

Gifts (including bequests)

41. Gifts offered by persons who are providing, or seeking to provide, goods or services to the School/Council, or who are seeking decisions from the School/Council, should be refused and returned, as should gifts (other than those of a trivial nature e.g. calendars, diaries, desk sets) offered by those receiving services from the school. Gifts, provided they are not of significant monetary value given for example by pupils or parents to their teachers may be accepted within this Code. Also similar gifts given to teachers during school exchange visits may be acceptable.
42. In all cases relating to the receipt of gifts it is wise to err on the side of caution: an obviously expensive gift must be tactfully declined or, if appropriate, donated to the School/Council for official use, and the Head Teacher or Chair of Governors should be advised of the action taken. If a gift is simply delivered it must be returned to the donor or, if appropriate, be donated to the Council for official use, and the Head Teacher or Chair of Governors must be advised of the action taken. All such gifts must be registered in accordance with paragraph 55 of this Code.
43. On occasions an employee may become a beneficiary of a Will as the result of service provided on behalf of the School/Council; in these cases the Head Teachers or Chair of Governors should be consulted and the County Council's Operations Director of Education, Learning & Libraries informed.

Hospitality

44. Employees may only accept offers of hospitality if there is a genuine need to exchange information or represent the School/Council in the community. Offers to attend purely social or sporting functions should be accepted only when these are part of the life of the community within Gloucestershire and where the School/Council should be seen to be represented. All such hospitality must be properly authorised and recorded by the Head Teacher or, in the case of the Head Teacher, the Chair of Governors. Exceptions to this rule must be properly authorised and recorded by the Head Teacher or the Chair of Governors.
45. Acceptance of hospitality through attendance at relevant conferences and courses is acceptable where the hospitality is corporate rather than personal, or where the Head Teacher (or Chair of Governors in the case of the Head Teacher) gives consent in advance and where it is clear that any purchasing decisions are not compromised. There are some circumstances when it is unacceptable - see paragraph 43.

46. An offer of hospitality to individual employees calls for special caution particularly if the host is undertaking, or applying to do business with the School/Council or hoping to obtain a decision from it. It is very important to avoid any suggestion of improper influence.
47. A working lunch of modest standards to allow the parties to discuss business would normally be acceptable; this is a case where the hospitality is secondary to a specific working arrangement. On the other hand, it would not be acceptable conduct for an employee to accept such things as:-
- A holiday*,
 - Tickets for concerts, theatre or sporting events,
 - The use of a company flat or hotel suite,
 - Expensive meals or entertainment.
- (*This condition would not apply to those staff who are granted approval by the Head Teacher/Governing body as part of their approved duties to accompany pupils or undertake risk assessment etc. relating to school trips/visits).
48. Hospitality must not be accepted unless the acceptance can be readily acknowledged in public or is similar to that which the School/Council would provide in the same circumstances.
49. There are occasions when an offer of hospitality of any kind must be declined e.g. when the person offering the hospitality has a current issue with the School/Council such as a tender under consideration or is involved in a contract dispute or are seeking a decision from the school.
50. Offers of hospitality accepted or rejected must be registered by employees to their Head Teacher or in the case of the Head Teacher, the Chair of Governors. The details to be registered must be in accordance with that shown in paragraph 51 of this Code.

Sponsorship

51. Where outside organisations, contractors or potential contractors wish or seek to sponsor a School/Council activity, the basic conventions concerning acceptance of gifts or hospitality apply. In some cases sponsorship which yields significant income may be covered by the EU Procurement Regulations and specialist advice should be sought before it is accepted.
52. Where the School/Council acts as a sponsor for an event or service, neither an employee or any partner or relative must benefit from such sponsorship without there being full disclosure to an appropriate manager of any such interest. Similarly, where the School/Council through sponsorship, grant aid, financial or

other means, gives support in the community, employees should ensure that impartial advice is given and that there is no conflict of interest involved.

Bribery Act 2010

53. The Bribery Act 2010 provides a modern legal framework to combat bribery in the UK and internationally. Staff must be aware of their obligations under this Act, which sets out the criminality of accepting and giving of bribes. This applies to both individual staff and the School/Council corporately.

54. The Bribery Act creates the following offences:

- Active bribery: promising or giving a financial or other advantage;
- Passive bribery: agreeing to receive or accepting a financial or other advantage;
- Bribery of foreign public officials; and
- The failure of commercial organisations to prevent bribery by an associated person (corporate offence).

The penalty under the Bribery Act is an unlimited fine and/or imprisonment up to a maximum of 10 years.

Full details of the Act can be found at:

<http://www.legislation.gov.uk/ukpga/2010/23/contents>

REGISTER OF GIFTS AND HOSPITALITY

55. A register will be maintained by every Head Teacher detailing all offers of gifts or hospitality made to employees. The following information will be recorded, based on information reported by employees:-

- The person or body making the offer;
- The member of staff to whom the offer was made;
- The gift or hospitality offered;
- The circumstances in which the offer was made;
- The action taken by the member of staff concerned; and
- The action taken (if any) by the Head Teacher (or in the case of the Head Teacher, the Chair of Governors).

A similar register will be maintained by the Chair or Governors in relation to Head Teachers.

Where a suspected breach has been reported a formal investigation will be undertaken and recorded.

DISCLOSURE AND USE OF INFORMATION

56. The School/Council believes that, subject to the content of paragraphs 48 to 55 56 to 60 below, information should normally be disclosed unless it is in the public interest not to do so. Staff must comply with Data Protection, Freedom of Information and Environmental Information legislation and the associated School/Council policies, procedures and the authorisation process. Employees will be advised by their Head Teacher of the information in their school which the Council or Governing Body does not wish to be disclosed without specific written permission. If in doubt, raise the matter with the Head Teacher or Chair of Governors as appropriate.
57. Many employees obtain information which has not been made public and/or is confidential. Employees may also have access to personal information about other individuals. This information must only be disclosed to a third party where there is a legal responsibility to provide it, or where the individual provides a written authority for the information to be provided.
58. The restrictions in paragraph 56 to 60 apply equally to information which an employee may obtain from their employment about a contractor, debtor or creditor of the School/Council.
59. No employee, unless specifically authorised to do so, may communicate to the public or press any information about the discussions or decisions of the School/County Council or any of its Committees following the exclusion of the public and press, with the exception of information which is required to be published by law. **All media interaction must be managed through the Head Teacher and Governing Body.**
60. As a general rule employees must not enter into any public correspondence or debate on a matter related to their official duties, or in respect of which they hold official information, unless this is done with the consent of their Head Teacher. Similar considerations exist covering the position of employees invited to participate in press interviews, radio or television programmes etc., where the subject relates directly or indirectly to their work for the School/Council. Employees invited to take part in such programmes should discuss the position with their Head Teacher before replying to the invitation.
61. Employees must adhere to the School/Council's published rules and requirements relating to personal and/or sensitive information, as covered by current Data Protection legislation. In particular, information must not be disclosed to unauthorised people or organisations.
62. Employees must not use any information obtained in the course of their employment for personal gain or benefit, nor should they pass it on to others who might use it in such a way.

63. Employees must make themselves aware of and comply with published Information Management and Security policies, procedures and standards relating to the protection of information and secure use of ICT systems, including use of the Internet and E-mail and the acquisition and use of software. A serious breach of the rules is likely to lead to disciplinary action.

POLITICAL NEUTRALITY

64. Employees of the School must not allow their own personal or political opinions to interfere with their work.

RELATIONSHIPS

Governors

65. Mutual respect between employees and Governors is essential to good local government. Employees and Governors should use the correct school procedures to deal with any work related issues.

Students

66. Staff should not establish or seek to establish social contact with students for the purpose of securing a friendship or to pursue or strengthen a relationship. Where staff need to make social contact this should be approved by the Head Teacher.

Contractors

67. All relationships of a business or private nature with external contractors, or potential contractors, must be made known to the employee's line manager. Orders and contracts must be awarded on merit through fair competition, and no special favour should be shown to businesses run by, for example, friends, partners or relatives. No part of the local community should be discriminated against.

68. Employees who engage or supervise contractors or have any other official relationship with contractors and have previously had, or currently have a relationship in a private or domestic capacity with such contractors, must declare that relationship to their Head Teacher or in the case of Head Teacher, to the Chair of Governors.

69. No employee shall purchase, for private purposes, goods or services from a firm which has dealings with the School/Council where the firm is offering preferential terms to the individual employee (directly or indirectly) because of a contractual, business or other relationship with the School/Council. This rule equally applies to the ordering of extra supplies against a contract where the intention is to use the

goods privately and pay for them at the Council's contract price, particularly if the employee is aware that the price is not available to the ordinary customer. It would also apply to the use of services of a contractor with whom employees have an official contact as part of their employment with the Council. It also precludes employees from using, for private purposes, any special trading cards which the School/Council may hold for Council business. It does not, however, preclude employees benefiting from general discounts offered by suppliers to all School/Council employees or made available by the School/Council or trade unions on behalf of staff generally.

Use of Internet/Electronic Communication (i.e. text messages etc.)

70. Staff must exercise caution when using information technology and be aware of the risks to themselves and others. Particular consideration must be given to any references to the School or anyone connected with the School bearing in mind the wide audience of any communication.
71. Staff should not make contact with students on social networking sites unless this is specifically agreed for the provision of academic information. Other electronic communication should be conducted through the School's communications systems when there is a clear and demonstrable School reason.
72. Internet Users must not on any school system knowingly display, access, use, extract, store, distribute, print, reveal or otherwise process any kind of image, document or other material which is sexually explicit, or contravenes any other aspect of the school's policy on electronic communications (e-safety). This activity would be a violation of the school's policies, particularly those relating to conduct and discrimination and may lead to disciplinary action. If access to sexually explicit or other inappropriate material is required for educational purposes, the Head Teacher must be notified in advance, giving a reason for the access.
73. Employees should apply the same standards to electronic communications as the school expects from other kinds of communication. They must not post comments, photographs, images or conversations on social networking websites which clearly brings the school into disrepute. Any electronic communications must include the correct use of privacy settings, in order to prevent members including the public, colleagues, parents and pupils seeing any personal information.
74. They must comply with the law, laws on discrimination, general data protection regulation (GDPR) and protecting the health of employees. Employees must follow any specific policy which the school may have on the use of social networking websites and telephones, whether mobile or landline, whilst at work. They should be aware that defamatory comments or comments which infringe the 'Equality Act' may be regarded as a disciplinary matter.

APPOINTMENTS AND OTHER EMPLOYMENT MATTERS

75. It is contrary to the School's HR policies for an employee to make an appointment/engagement which is based on anything other than the ability of the individual to undertake the duties of the post. Employees must not be involved in an appointment/engagement where they are related to an applicant, or have any personal or business relationship outside work with them.
76. Employees must not be involved in decisions relating to discipline, promotion or pay adjustments for any other employee who is a relative, partner or close personal friend.
77. Employees of the School/Council shall inform their Head Teacher or, in the case of the Head Teacher, the Chair of Governors, of any relationship known to them to exist between themselves and a candidate for an appointment/engagement in which they are directly involved. If an employee deliberately omits to disclose a relationship with a candidate they may be subject to disciplinary action. If a candidate deliberately omits to disclose a relationship they will be disqualified. If the omission is discovered after appointment or engagement they shall be liable to dismissal.
78. Employees involved in appointments/engagements must, where practicable, ensure that references are obtained from the current and previous employer of the candidate to whom they wish to formally offer a post. Ideally both referees should be senior persons. Adhere to the statutory guidance in 'Keeping Children Safe in Education' - https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/372753/Keeping_children_safe_in_education.pdf
79. In the case of applicants leaving full-time education or not having worked since doing so, the Head of School, College, University etc. should be named as one of the referees.

UNDERTAKING ADDITIONAL WORK OUTSIDE OF THE COUNCIL

80. Full-time employees shall devote their whole time service to the work of the School, and shall not engage in any other business, including self-employment, or take up any other additional appointment without the prior express written consent of their Head Teacher or in the case of the Head Teacher, the Chair of Governors. The Head Teacher or Chair of Governors reserves the right to withdraw such consent at any time.
81. All prospective employees shall, prior to appointment, provide details on the School's standard application form of any other employment(s) in which they are engaged, giving full details of the employer, job title and the hours worked per week in each job. This information will be examined to see whether any other

existing employment(s) is in conflict with the employment being sought with the School and whether, in overall terms, the total hours of all the employments exceed 48 per week - as per the Working Time Regulations 1998. Also, existing part-time employees must declare any other employment to the School to ensure that there is no conflict of interest between such employment and that there is adherence to the Working Time Regulations.

82. All employees - full-time or part-time - must avoid situations where an actual or apparent conflict between work and personal interests may arise and must inform their manager as soon as possible in the event that any such conflict may arise.
83. Undertaking unpaid activities outside School employment may, on occasion, be detrimental to the School/Council's interests. Employees should be mindful of any potential conflict of interests in such situations.
84. No personal business activity or outside work of any sort may be undertaken by an employee during their normal working hours for the School.

Consultancy, Lecturing, Fee Paying Work

85. Where a request is received for any employee to make a presentation, speak at a seminar or lecture on a course within their normal field of work and during their normal working hours, the work will be undertaken on behalf of the School and any fee will be treated as income for the School as detailed below.
86. Where an employee is approached to undertake fee paying work, this must be approved by the Head Teacher (or in the case of the Head Teacher, the Chair of Governors) and they must make sure they are authorised to express opinions on behalf of the School/Council and should avoid comments which could bring the School/Council into disrepute. The School has determined that the fee is to be treated as income for the employee if all the work, including preparation, is undertaken outside normal work hours. In the case of activities which are prepared and/or take place partly during normal working hours, the Governing Body must decide what proportion is due to the individual, having due regard for the current School Teachers Pay & Conditions Document. If the split is 50/50 then no more than 50% of the fee should be paid to the individual. All fees paid must be processed through the payroll.

Intellectual Property

87. Intellectual property is a generic term that includes inventions, creative writings and drawings. If these items are created as part of an employee's normal course of employment then, as a general rule, they belong to the School.

ARREST OR CONVICTION ON CIVIL OR CRIMINAL CHARGES

88. You must, as soon as practicable inform your line manager, at each stage, if you are arrested, charged, refused bail, required to attend court, convicted or sentenced for any criminal offence. This does not apply to traffic offences unless the possible penalty includes imprisonment or disqualification from driving or involves an official vehicle. Failure to inform will be considered an act of gross misconduct and will be dealt with under the School's disciplinary policy.

MEMBERSHIP OF CLUBS, SOCIETIES AND OTHER ORGANISATIONS WHICH ARE NOT OPEN TO THE PUBLIC AND/OR WHICH HAVE SECRECY ABOUT RULES, MEMBERSHIP, ETC.

89. The intention of this Code and procedures is to ensure transparency and openness and that no reasonable person can question the integrity and motives in connection with your employment with the School.
90. All employees must declare membership of any organisation which is not open to the public, where there is a commitment of allegiance, and/or which has secrecy about rules, membership or conduct. This declaration needs to be made through completing a form held by each Head Teacher.

CONFLICT OF INTEREST

91. Employees are expected to conduct themselves with integrity, impartiality and honesty. Staff should avoid circumstances where private or personal interests have the potential to give rise to allegations of partiality or impropriety which could bring the School/Council into disrepute.
92. Where employees belong to any club, society, charity or similar body and any person within it or the body itself may benefit from a decision or action employees may take in their work with the School, then they must register their interest and discuss what action should be taken with their line manager.
93. A conflict of interest may be defined as a situation in which an employee has a private or personal interest sufficient to influence objectivity when exercising official duties. However employees are not to be subject to unreasonable restrictions on their private activities as a result of their employment with the School.

EQUALITY ISSUES

94. All employees must comply with the Council's policies on equal opportunities in employment and with those relating to service delivery. Employees must also have due regard to any requirements under the Public Sector Equality Duty.

HEALTH AND SAFETY ISSUES

95. Employees have a duty to take reasonable care of themselves and to cooperate with management under the 'Health and Safety at Work Act 1974'. These responsibilities are identified in the school's Health and Safety policy.
96. At all times employees are required to act in accordance with this policy and generally to act in such a way to take reasonable care of their own safety and that of others. Any action which potentially puts at risk the health and/or safety of themselves or others will be viewed seriously and may be investigated under the disciplinary procedure. Employees and other individuals may face criminal prosecution for breaches of health and safety legislation.

ATTENDANCE

97. Employees' contracts of employment contain the main terms and conditions of their employment with the school. Employees must follow the school's requirements for reporting absence due to sickness and for helping the school ensure that it has a record of all persons on the premises and of any approved overtime working. It is expected that employees are available for work during the hours specified in their contract and take an unpaid lunch break

SMOKING

98. The school is a non-smoking educational establishment. No-one is permitted to smoke in any of the class rooms, educational space or any other building owned or occupied by the school, at any time. In premises not controlled by Gloucestershire County Council, the governing body may determine a dedicated smoking area. Smoking in contravention of the above may result in disciplinary action.

BREACHES OF THE CODE OF CONDUCT

99. Any suspected breach of this Code must be:-
- (a) immediately reported to the Head Teacher and to the Chair of Governors or, in the case of the Head Teacher, to the Chair of Governors,
 - OR
 - (b) be reported through the confidential reporting procedure for employees, detailed at Appendix 1.
100. Where a suspected breach has been reported, a formal investigation into that suspected breach will be undertaken.
101. Failure to comply with any of the standards detailed in this Code may result in formal disciplinary action under the Conduct Policy, including dismissal.

CONFIDENTIAL REPORTING PROCEDURE FOR EMPLOYEES (WHISTLEBLOWING)

102. Appendix 1 of this Code provides procedures for employees to follow to report, in strict confidence, their serious concerns about any aspect of the School's work or the behaviour or standard of conduct of other employees or anyone associated with the work and services provided by the School/Council.

CONFIDENTIAL REPORTING PROCEDURE FOR EMPLOYEES (WHISTLEBLOWING)

1. Employees are often the first to realise that there may be something wrong within the School. However, they may not express their concerns because they feel that speaking up would be disloyal to their colleagues or to the School. They may also fear harassment or victimisation and it may be easier, therefore, to ignore the concern rather than report what may just be a suspicion of malpractice.
2. The School is committed to the highest standards of openness, probity and accountability. It expects employees, and others that it deals with, who have serious concerns about any aspect of the School's work, to come forward and voice those concerns. The phrase 'whistleblowing' in this procedure refers to the disclosure internally or externally by employees of malpractice, as well as illegal acts or omissions at work.
3. This Procedure makes it clear that employees can report, in a confidential manner, their concerns without fear of victimisation, subsequent discrimination or disadvantage and is intended to encourage and enable serious concerns to be raised with the School, rather than overlooking a problem or 'blowing the whistle' outside. It is stressed that under the Public Interest Disclosure Act 1998, employees of the School who, in the public interest, speak out against corruption or malpractice at work have statutory protection against victimisation and dismissal.

AIMS AND SCOPE OF THIS PROCEDURE

4. This Procedure aims to:
 - encourage employees to feel confident in raising serious concerns in those cases where they do not wish to use the normal reporting routes within their service area,
 - provide alternative avenues for raising concerns,
 - ensure that responses to concerns are made,
 - to reassure employees that they will be protected from possible reprisals or victimisation if they have a reasonable belief that they have raised a concern in the public interest.
5. There are existing procedures in place to enable employees to lodge a grievance relating to their own employment. This Procedure is intended to cover concerns that fall outside the scope of other procedures and include:
 - conduct which is an offence or a breach of law,
 - disclosures related to miscarriages of justice,
 - health and safety risks, including risks to the public as well as other employees (where the concerns raised have not been addressed through normal departmental procedures),

- damage to the environment,
 - the unauthorised use of public funds including fraud and corruption,
 - sexual or physical abuse,
 - other unethical or unprofessional conduct,
 - notification of any suspicions of price-fixing cartels providing services/goods to the Council/School.
6. The School fully understands that employees who are members of a trade union recognised by the Council may, in the first instance, wish to seek advice and guidance from their union on the application of this Procedure (see paragraph 23 of this Appendix).
7. Any serious concerns that employees have about any aspect of service provision, or the conduct of employees or members of the Governing Body/Council or others acting on behalf of the Governing Body/Council, can be reported under this Procedure. This may be about something that:
- makes an employee feel uncomfortable in terms of apparent non-adherence to known standards,
 - appears to be contrary to the requirements of the Council's Standing Orders and Code of Conduct,
 - falls below established standards of practice,
 - may amount to improper conduct,
 - appears to be an attempt to mislead.

SAFEGUARDS

Harassment or Victimisation

8. The School recognises that the decision to report a concern can be a difficult one to make, not least because of the fear of reprisal from the person(s) who is the subject of the complaint. However, if employees believe that what they raise as a concern to be the truth and in the public interest they should be confident that they are fulfilling their duty to their employer and those for whom they are providing a service.
9. The School will not tolerate any form of sexual, racial or general harassment or victimisation and will take appropriate action to protect employees, when they raise a concern in the public interest, from suffering a detriment (including bullying or harassment) either from the employer or from co-workers.
10. Any investigation under this procedure, into allegations of potential malpractice will be dealt with separately to any grievance, disciplinary or redundancy procedure concerning an employee. Equally, any investigation will not be influenced by any such procedures involving an employee. However the outcome of the investigation may lead to action under other procedures.

CONFIDENTIALITY

11. All concerns will be treated in confidence and every effort will be made to protect an employee's identity if that is their wish. However this cannot be guaranteed if, for example, following an investigation a case is taken to Court, where the employee may need to be called as a witness.

ANONYMOUS ALLEGATIONS

12. In order to ensure that employees receive protection of the Public Interest Disclosure Act 1998 employees should put their name to their allegation. Concerns expressed anonymously are sometimes less credible. Anonymous concerns and allegations, whether made to the Head Teacher or the Governing Body, will therefore be investigated at the discretion of the School.
13. In exercising this discretion the factors to be taken into account would include:
 - the seriousness of the issues raised;
 - the credibility of the concern; and
 - the likelihood of confirming the allegation from attributable sources' factual evidence.

UNTRUE ALLEGATIONS

14. If an employee makes an allegation in the public interest, but it is not confirmed by the investigation, no action will be taken against them. If, however, the allegation is frivolous, malicious or for personal gain, disciplinary action may be taken against them.

HOW TO RAISE A CONCERN

15. Employees who wish to raise a serious concern should do so verbally or in writing (marked 'Confidential') to the Head Teacher or Chair of Governors.

Alternatively the concern can be raised by writing to:

Monitoring Officer
Gloucestershire County Council
Shire Hall
Gloucester GL1 2TZ

Or employees may wish to use the Council's 24 hour "whistleblowing" answerphone service on Gloucester 01452 427052 to report any concern relating to possible fraud, corruption, conduct or mal-practice/administration.

16. Employees who wish to make a written statement/report are invited to set out:
 - the background and history of the concern,

- relevant dates, person(s) involved,
- details of supporting evidence.

17. Although employees are not expected to prove an allegation they will need to demonstrate that the disclosure is in the public interest.

HOW THE SCHOOL/COUNCIL WILL RESPOND

18. **In all cases** in order to protect individuals and those involved in the concern, initial enquiries will be made to decide whether an investigation is appropriate and, if so, what form it should take. The overriding principle which the School/Council will take into account is public interest; however, there is a zero tolerance attitude to any fraudulent activity. Concerns or allegations which fall within the scope of specific procedures (e.g. child protection) will normally be referred for consideration under those procedures.

19. Within 10 working days of a concern being raised, the employee will be contacted at their private address:-

- acknowledging that the concern has been received,
- indicating how it is proposed to deal with the matter,
- telling the employee whether any initial enquiries have been made,
- telling the employee whether further investigations will take place and, if not, why not.

Investigation

Allegations reported to the school will normally be investigated by the Head Teacher/Governing Body. However in some circumstances, sometimes to avoid contaminating evidence which may then go to a criminal investigation, they may decide to involve external investigators.

Advice/support on investigation can be obtained from Theresa Mortimer: Chief Internal Auditor on 01452 328883 or e-mail theresa.mortimer@gloucestershire.gov.uk or Janet Bruce: Principal Auditor on 01452 328889 or e-mail janet.bruce@gloucestershire.gov.uk

20. The Monitoring Officer will arrange investigation of allegations reported to the Council and will respond to such concerns Where appropriate, the matters raised may be:

- investigated by school management, Internal Audit,
- referred to the Police,
- referred to the District Auditor,
- the subject of an independent enquiry.

21. The School's Conduct Procedures will be used where the outcome of an investigation indicates improper behaviour by an employee.

22. A representative of a trade union recognised by the School/Council or work place colleague may accompany an employee during any stage of an investigation conducted under this Procedure.
23. The School/Council will take steps to minimise any difficulties which may be experienced as a result of raising a concern. For instance, where an employee is required to give evidence in criminal or disciplinary proceedings the School/Council will arrange for them to receive advice about the procedures involved.
24. The School/Council accepts that employees need to be assured that matters of concern have been properly addressed and, therefore, subject to confidentiality/legal constraints, employees will be informed of the outcome of any investigation.

FURTHER ACTION

25. This Procedure is intended to assist employees who wish to raise concerns within the School/Council and it is hoped that employees will be satisfied with any action taken. However, if they are not, and they feel it is right to take the matter outside the Council, the following organisations are possible contact points:
 - Health & Safety Executive,
 - Environment Agency,
 - External Auditors,
 - The Financial Conduct Authority/Prudential Regulation Authority,
 - Department of Work & Pensions,
 - Serious Fraud Office,
 - Trade Union,
 - Her Majesty's Revenue & Customs,
 - Relevant Voluntary Organisation,
 - Charity Commission,
 - Police,
 - 'Public Concern at Work' (tel: 0207 404 6609).
26. If employees do decide to take the matter outside the School/Council, they must ensure that they do not disclose to a third party any School/Council confidential information. If employees are in any doubt, they are strongly advised to seek the confidential advice before taking any action to ensure that they are not putting themselves in a vulnerable position.
